# 2009 Shades of Green

## CONFERENCE INFORMATION

Shades of Green® on WALT DISNEY WORLD® Resort is one of five Armed Forces Recreation Centers located throughout the world.

### A Host of Options

Shades of Green® on Walt Disney World® Resort is one of five Armed Forces Recreation Centers around the world designed to give military personnel and their families all the comforts and benefits of a resort vacation while specifically catering to their needs and rewarding them for their services.

As one of two AFRC's in the continental United States, Shades of Green has delivered exceptional service to guests for over a decade. In response to ever-increasing demand, the resort launched a massive renovation and expansion in 2002. Over the course of 23 months the resort underwent a complete transformation in order to create extraordinary facilities that would further accommodate their guests.

In February of 2004 Shades of Green re-opened its doors as a full-service, guest-oriented, spectacular resort. Located in Orlando, Florida, in the heart of Walt Disney World, the resort is situated between two of Disney's PGA professional golf courses, the Palm and Magnolia. With an ideal location and stunning list of amenities, Shades of Green has truly emerged as a premier vacation destination.

The sheer size of the resort more than doubled, as it increased the guest room count to 586 rooms, also adding 10 junior and family suites. Each well-appointed guest room features a private patio or balcony and guests have their choice of views, either pool side or overlooking the stunning golf courses.

### Welcome

We are excited about hosting your event and will do everything in our power to make your stay a memorable one. If there is anything you need, please don't hesitate to ask one of our Banquet Managers or Guest Service representatives.
